What JK Belives In ?

Everyone should live their lives to the fullest.
JK believes exercise is the most powerful way to prepare people at their best anytime on their journey.
Through passion and innovation, JK commits to bringing solutions to make every workout more efficient and a better outcome.

Who We Are ?

Since being founded in 1981, JK has been recognized as one of Taiwan's earliest pioneers in fitness equipment manufacturing. JK has devoted itself to developing innovative products and has brought better solutions to the fitness society. Till today, JK has accumulated over 44 years of experience in design, manufacturing, ODM projects, and holds hundreds of patents. JK's quality products are now loved and trusted by users in over 60 countries.

Our mission is not only to provide users with the best workout experience but also to build a win-win cooperative relationship with our global partners. JK's ongoing R&D investment keeps developing unique designs and improving the performance and durability of the models to go beyond customers' expectations. JK has also been dedicated to being the most reliable and strongest support to our partners. We continue enhancing long-term partnerships with our old friends and cordially look forward to welcoming new partners for the years to come.
